## Notice of Hearing

On Petition to Vacate and Abandon a Part of Maple Avenue in Grayling Township, Crawford Co., Mich.

Notice is hereby given that a petition has been filed with the Board of Road Commissioners of Crawford County, Michigan, for the vacation and absolute abandonment of all that part of Maple Avenue in Grayling Park, Grayling Township, Crawford County, Michigan, described as follows; to wit:

All that part of Maple Avenue between Blocks 5 and 6 extending from the Grayling Avenue on the North to the North line of lots 7 and 21 (Insey Avenue on the South as plotted in Grayling Park Subdivision, Grayling Township, Crawford County, Michigan.

For the reasons that said part of Maple Avenue has never been opened, used or worked upon as a public street, that the opening thereof would serve no useful purpose and would require the expenditure of public money that would not be justified, and that the closing and abandonment thereof would be a benefit to adjoining property owners, and

Notice is hereby given that a hearing will be held on said petition before this Board on the 5th day of June, 1951, at 11:00 o'clock in the forenoon, at the office in Grayling of said Board of Road Commissioners.

Dated May 5, 1951.  
Crawford County Board of Road Commissioners.

## THE CENTRAL IDEA

Things you'd like to know about your Railroad

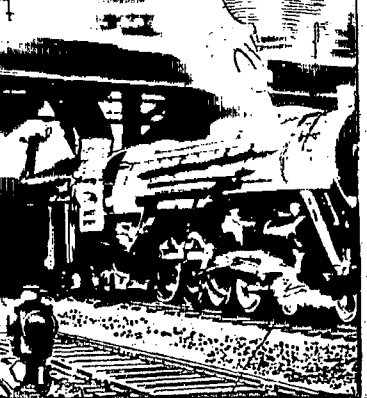

The Story of a Railroad Dollar

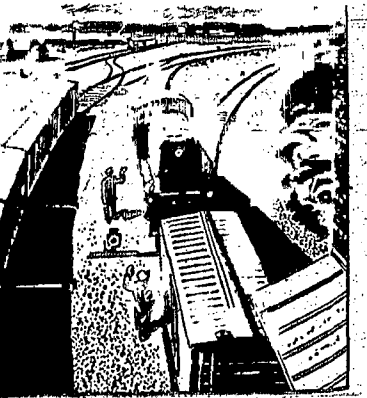

HOW IS IT EARNED? New York Central earned 69¢ of each dollar it received in 1950 from hauling freight, and 15¢ carrying passengers. Another 12.5¢ came from other operations. The final 3.5¢ of New York Central's income dollar last year was yield on its investment.

RAILROADERS GET MOST of that dollar, over 55¢ in wages, salaries, pensions and Central's contribution in the form of payroll taxes to provide security. Their share of New York Central's income came to \$443,000,000. And these men and women spend their money where they live!

ANOTHER 25¢ of New York Central's 1950 dollar went for coal, diesel oil, rails, ties, wheels and all the other items that go into a railroad's market basket. Depreciation took 4.9¢. Interest, rentals, etc., required 5.8¢. Federal, state and local taxes accounted for 5.7¢.

LAST AND LEAST came net income of 2.3¢. Probably no one in town works for so small a profit as your Railroad. Compared to most cost-of-living items, fares and freight rates are bargains. But then, giving a lot for the money always has been the CENTRAL IDEA!

## Waving The Flag

Dr. Ira N. Gabrielson, former chief of the U. S. Fish and Wild Life Service, predicts that the "something-for-nothing" boys will soon attempt to take over the nation's natural resources in the name of national defense.

If and when this happens, no one should be surprised. The socialists and their friends—most of whom prefer the much abused label "liberal"—have seized on national defense as a gold mine, ripe for ideological exploitation.

As an example, they are trying to establish a government electric power monopoly and poor old national defense is now being used as the prime argument for this despite the fact that the heavily-taxed, publicly-regulated utilities are doing a superb job and nobody lacks for power.

The voluminous report of the President's Committee on Water Resources, which came out recently, is most revealing in this connection. It is a carefully worded blueprint for giving the Federal government unlimited control over all our important water resources and everything connected with them—which, of course, means land, electricity, agriculture, other natural resources, etc., etc. And, naturally, the flag is waved and national defense is hauled into the picture.

Actually, we are spending incredible sums for national defense now because of the fact that the communists clearly want to take over the management of the entire world. In the light of this, should national defense be an acceptable alibi for schemes which differ from those of communism only in degree—and not at all in principle?

**Fairmont, Indiana, News:** "An Old Testament prophet would hardly feel like a displaced person if set down in the city of Washington just now. Indeed, a Jeremiah would find himself very much at home. His nostrils would recognize the stench of corruption."

May 17, 1928

The demon fire cut loose again last week and destroyed from eight to ten thousand acres of forest. It started in section 27, town 27-2, in the forest reserve. There was much fine timber in that region and practically all was destroyed. The fire travelled east and north and reached nearly to Lovells and also southeast, crossing the North Branch of the AuSable River and reached nearly to the main stream of the AuSable, near the Rainbow and Chicago Clubs.

Carl Hagman, a well known and highly esteemed resident of Grayling since the autumn of 1902 passed away at this home in this city Friday evening following a long illness.

ALWAYS BE CAREFUL DRIVING

## The difference goes deeper than Skin Deep

Nobody wonders what you're driving when you roll by in this one.

In the 1951 line-up, its brand-new front-end styling stands out with a beauty all its own.

You're the proud owner of a Buick—and the whole world knows it.

But you—at the wheel—enjoy a long list of differences that go far deeper than looks.

The ride is different—level and true. You sit the road with special assurance—because Buick's torque-tube drive keeps rear wheels firmly aligned—soft coil springs on all four wheels soak up the bumps and bobbles—honest weight keeps you on a steady keel.

The power is different—eager and sure. Buick's high-compression Fireball engine does wonders with fuel—and no matter what you demand in emergency, there's horsepower to spare.

Handling is different—this car seems to steer itself on straightaway or curve—and swings lightly into parking spots inches shorter than you'd think you need.

Capping it all, there's the silken versatility of Dynaflo Drive,\* that takes

all the tenseness out of driving—responds to your slightest wish with a surging swoop of power.

No doubt about it, what you get in a Buick is far more than just a new car—it's a whole new experience in getting pleasantly from here to there.

So why not explore this difference? Come, take a Buick over and find out how very much satisfaction smart money can buy.

Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:

DYNAFLO DRIVE\* • FIREBALL POWER  
4-WHEEL COIL SPRING • DUAL VENTILATION  
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE  
WHITE-GLOW INSTRUMENTS—DREAMLINE STYLING

### "One For The Book"

Miss Reynolds, our town librarian, really put a smart-aleck motorist in his place last week—right in center of town, corner of Main and Walnut.

Her car stalled, tying up traffic. Most drivers just waited quietly—realizing she couldn't help it—but one fellow kept staring away on his horn.

So Miss Reynolds gets out of her car, walks over and says sweetly, "I'm afraid I can't start my engine. If you'd like to try, I'll stay here and lean on that horn for you." That stopped him!

From where I sit, a lot of us are sometimes a little overzealous to "sound off" before we really understand what it's all about. Let's try to see the other fellow's side in whatever he does—how he votes, what he thinks, whether his preference is for a glass of beer or buttermilk—rather than simply blast out anyone who "gets in the way" of our ideas in these matters.

Meeting called to order by the Chairman Chester Lozon.

Motion by Elmer Corsaut and supported by M. M. Richmond that the following resolution be adopted:

WHEREAS: The bid of the Earl Equipment Company as offered to the Crawford County Board of Road Commissioners on August 16, 1950 and which was cancelled on March 5, 1951 for the delivery of one FWD Truck be reopened for discussion, and

WHEREAS: After making an inspection of this truck at Clintonville, Wisconsin, and finding that said truck is all assembled and built with motor installed and waiting for the installation of a radiator, which said Four Wheel Auto Company expects to complete in the near future and

WHEREAS: This truck is to be used to replace a 1939, K8 International on performing Snow Plow & Blading service, and

WHEREAS: It is not thought advisable to try to rebuild the International with this number of years on it, and

WHEREAS: It is the opinion of this Board that said FWD Truck is needed and that the purchase thereof would be for the best interest of Crawford County,

NOW THEREFORE be it resolved That the bid of said Earl Equipment Company be accepted, and the resolution as dated March 5, 1951 is hereby rescinded, and the Clerk of this Board is hereby instructed to so notify said Earl Equipment Company.

Yeas: Chester Lozon, Elmer Corsaut, M. M. Richmond.

## E Bonds Begin Maturing

Ten years ago on the first of May, 1941, the United States Treasury sold the first Series E Savings Bonds. Americans now hold around 500 million E Bonds, worth some \$34 1/2 billion, present cash value. On May 1, 1951, E Bonds begin to mature.

The first E Bonds were titled "Defense Savings Bonds, Series E" until after Pearl Harbor when the title became "War Savings Bond," followed in 1946 by "U. S. Savings Bond." Since mid-January the Treasury Department has been referring to them as Defense Bonds. However, under all these names it is the same Series E Savings Bond, the most widely owned security in the world.

About \$1,000,000,000 of Series E Defense Bonds issued in 1941 are still outstanding and will mature month by month between now and the end of 1951. In 1952-54 the amounts maturing will markedly increase, reflecting the heavy wartime sales of E Bonds in war loan drives and on the Payroll Savings Plan during 1942-44. In 1955, maturities will begin to come down to peacetime levels.

In a statement embodying these facts, Chairman John Bruun of the Crawford County Savings Bonds Committee, reminds owners of Series E Bonds that under a recent act of Congress (H. R. 2288), they now have three options at maturity, two of which are new privileges:

(1) Cash. The owner of any Series E Bond may receive, if he wishes, full cash payment by presenting his matured bond to any qualified bank or other paying agent. This has not changed. The new options are:

(2) Extension. The owner may retain the matured E Bond and for a period not to exceed ten additional years the cash value of the bond will increase each six months, interest accruing at the rate for the remaining 2 1/2 years, 7 1/2 years, and then at an increase rate for the remaining 2 1/2 years, to bring the aggregate interest return to approximately 2.9% compounded semi-annually (the average rate as for the original ten-year period). This choice requires no action by the owner of the bond; any E Bond which is not turned in for cash at its original maturity date will be extended automatically until such time as the owner does present it for payment. At the end of the extended period of ten years, interest ceases. The extended E Bond may be redeemed at any time for the full face value plus interest which has accrued at the new rates.

(3) Exchange. Those who prefer to receive interest as current income, rather than having it accrue and add to the cash value of the bond, may exchange maturing E Bonds in amounts of \$500 or multiples thereof for Series G Savings Bonds. Series G Bonds are registered bonds issued at face amount (selling at par). They bear interest at the rate of 2 1/2 percent per annum, payable semi-annually from issue date until their maturity in 12 years. There is a time limit after maturity of E Bonds for exchanging them for G Bonds; ask any bank for details. G Bonds may be redeemed at any time after six months from the issue date on one calendar month's notice from the owner. If issued in exchange for maturing E Bonds, they will be redeemable for full face value whenever they are presented for payment—a new privilege.

The options outlined apply to all outstanding E Bonds as they mature and will apply to all new Series E Savings Bonds issued in the future, Mr. John Bruun added.

## Mobile Chest X-Ray Unit In 5-County Health Area

The Mobile Chest X-Ray Unit from the Michigan Department of Health will be in District Health Department No. 1 area from May 22 to June 14. A schedule will be published as soon as it can be arranged. All persons over the age of 15 are urged to take advantage of the opportunity and have a chest x-ray.

Early tuberculosis frequently has no symptoms of any kind. The greatest safeguard against tuberculosis is excellent health. A five disease does not occur so long as the body's resistance can successfully fight germs. A yearly chest x-ray as the safest, surest step toward combating tuberculosis.

It has been estimated that a half million people in this country have active tuberculosis and of these only one half are known to the health authorities.

One out of every two adults in the United States is estimated to have tubercle bacilli in his system, which might lead to active disease. Tuberculosis is a contagious disease. It is spread through coughing, sneezing, and personal contacts.

Tuberculosis is curable. The sooner the presence of tuberculosis is determined the quicker the cure and the safer your friends and family will be from contagion.

## Council Proceedings

April 23, 1951.

Special meeting.  
Meeting called to order by Mayor Roberts.

Councilmen present: Roberts, Gothro, Giegling, Burke, Tahvonen.  
Absent: None.  
Citizens present: Attorney Moore, Robert Strong, Chas. Piper, Supervisor John McMillan, Caroli Wert, Robert Nickels of Waters Airport, C. Lozon of Crawford County Road Commission, Wm. Joseph, Mrs. Forbes, Jerome Kessler, John H. Peterson, Larry Galehouse, Wm. LaChapelle, Ray Snider, president of Chamber of Commerce.

Special meeting was called to meet with the Chamber of Commerce Committee on promotion of industry to discuss the same, and also to discuss the airport.

Airport.  
Mr. Wert spoke on the correspondence he has obtained on the McNamara Airport.

Supervisor McMillan was appointed by the Board of Supervisors to act on an airport committee. Councilman Giegling was appointed by Mayor Roberts to represent the City of Grayling and Caroli Wert to represent the Chamber of Commerce. Chairman Lozon will take this up with the Road Commission this week to appoint a committee member.

Robert Nickels of the Waters Airport gave a talk on the possibilities of using the local airport and making it a going proposition.

Industry.  
Jerome Kessler related past history of efforts that have been made to encourage new industry to come to this community. John H. Peterson and Chas. Piper related several points they have observed and found out. Thought was not to try and give too much to encourage industry to come in, but to offer help by lining up sites ahead of time.

The Council will try and appropriate funds for advertising for industries and to help encourage industry.

Chamber of Commerce Committee: C. Piper, chairman; Chas. Moore, Wm. Joseph and John H. Peterson.

Charles Moore was appointed to represent the City of Grayling on this committee.

Water softener was discussed and figures are not available on whether the plant will stand the cost of softening the water.

Moved and supported that meeting be adjourned. Motion carried.

Max Davenport, City Clerk.

## North Branch

(Too Late For Last Week)

The youth group of the North Branch Bible Church was host to the Heart of the North Youth Rally on Sunday evening. The meeting, held in the Wade Hall, drew a crowd of over sixty young folks from five different churches. Those represented were Garrison Higgins, Houghton Lake, Evangelical Free Church of Grayling, Calvary Baptist Grayling, and North Branch Bible Church. Rev. Perry DeArmond of Kingsley was speaker of the evening. Many special musical and vocal numbers were given by the visiting members.

Charley Wade is completely remodeling the Papp cabin. There are two new picture windows, a new porch, pine paneling in the living room and pre finished doweled flooring throughout the cabin.

The Jack Bates cabins have been filled the past two week ends. The Bates are busy planning a new addition to their home.

Mr. and Mrs. Henry Vance and daughter, Donna, of Luzerne, Mr. and Mrs. Elmer Kellogg and sons of Frederic called on their mother Sunday. This is the first time Mrs. Elmer Kellogg has been over our way in some time. We are all happy to see her gaining in health and hope she continues to do so.

Mr. and Mrs. R. P. Johnson spent several days at their cabin on the North Branch.

Many other Bay City people enjoyed the week end at their cabins, including Mr. and Mrs. E. F. Westover and Mr. and Mrs. W. B. Henry.

Charles Kellogg and Charles and Josephine Morley made a business trip to Saginaw on Wednesday. Mr. Morley is now driving a new Oldsmobile.

The North Branch Bible Church is again holding services in the Wade building. All are welcome to attend services at 10:30 on Sunday, Wednesday evening prayer service at 8 P. M., and Missionary Circle first Thursday of each month.
